
Criterion B: Record of Tasks

Date	Action	Details	Comments	Date Completed	Criterion
Nov. 2017	Discussion with client about program and its uses	Decided it should be an offline database, prioritize functionality and ease-of-use over complex functions		Nov. 2017	A
Nov. 2017	Design project idea	Designing layout/functionality of project, including UI		Nov. 2017	B, D
Nov. 2017	Start development	Started actual coding, decided what database service to use, slight changes were made but the program mostly stayed faithful to the design		Nov. 2017	B, C, D
Dec. 2017	Start bug-testing	Bug-testing included using odd inputs, attempting to access data that did not exist, and odd combinations of checked boxes		Dec. 2017	B, C, D
Jan. 2017	Project is finished	All programs run/meet requirements – no rigorous testing yet		Jan. 2017	C, D
Jan. 2017	Project testing	Test the functionality of the program, including the same bug tests that were applied in December		Jan. 2017	C, D
Jan. 2017	Program returned to client	Received feedback/evaluation from the client		Jan. 2017	C, D
